Veterinarian / Clinic:

Clinical Diagnosis:

Onset:

Special Instructions / Precautions:

Is the animal on any medications for which we should be aware?

Practice encompasses acupressure, massage, and use of Australian Bush Flower Essences. Are there any areas of the animal, specific to this condition, to avoid during acupressure/massage?

Recommended Plan:

- Acupressure
- Massage

IN YOUR OPINION, IS THE DOG NAMED ABOVE IN A SUITABLE STATE OF HEALTH TO UNDERGO ACUPRESSURE/MASSAGE SESSION YES / NO
